REASON FOR CHANGE IN FILE STATUS

Operator proposed to mine 5000 tons of ore in 1983 for bulk metallurgical testing. I spoke with Ed Phariss (702) 972-4673, who's company filed the exemption in behalf of WSM. He says that no work was done on this site as far as he knows. This is born out by a 1985 field inspection which reported no surface disturbance other than claim stakes.
